

Web Review Request

Behavior Analysis eQSuite® User Guide

Overview:

- eQHealth Solutions (eQHealth) developed a proprietary web-based electronic review request submission system for Behavior Analysis providers.
- The system allows providers to submit the following review types: admission and retrospective reviews.
- Providers can also electronically submit additional information for previously submitted reviews and respond to adverse determinations.
- Additionally, the system includes a reporting module that can be accessed to obtain real time status of reviews requests and PA #s, and print a paper copy of electronic reviews submitted to eQHealth via the reporting module.
- The system also maintains copies of notification letters related to reviews. These letters can easily be read or downloaded by any provider staff with access to the system.

Key Features:

- One of the key features of the system is the ability to check the data upon entry directly against eQHealth's live database. This immediately prevents excluded cases and duplicate records from entering the database.
- The user can partially save data, as it is entered, if the user is interrupted during entry or in case the internet connection is lost.
- If additional information is requested by eQHealth, it can be submitted electronically by the provider and the request is automatically "reactivated" for review completion.
- The key contact person, a User Administrator, at the provider level will assign or revoke privileges for new users or existing users of the system as personnel changes take place. Software or data file maintenance is not required by the provider – all data is keyed directly into eQHealth's data system.
- Secure transmission protocols including the encryption of all data going over the Internet ensure that eQHealth is keeping current with required HIPAA security regulations.
- The provider can access the reporting module at any time to print a paper copy of electronic reviews submitted to eQHealth and obtain answers to the following types of questions:
 - What is the current status of a particular review at eQHealth?
 - What is the history of previous reviews for a recipient?
 - What is the Prior Authorization Number (PA #) and/or last date certified for a case(s)? OR

- Obtain a list of all current in-process reviews for my organization
- Obtain a list of all authorizations for an admission date range.
- Obtain a list of the detailed review outcomes for a date range.
- Obtain a printout of a specific request for a recipient.

Benefits for the Provider:

- The online entry screens provide an efficient transfer of information.
- There will be less paper handling on both ends, enabling a speedier review process.
- The system is directly connected to eQHealth's eligibility files for immediate verification of eligibility.
- Multiple requestors and simultaneous transmission from multiple PCs within a facility are allowed (each will be tracked via a separate login).
- The reporting module will provide real-time status of reviews.

What You Need to Use the System:

- A provider will need Internet access for the personnel who will be submitting certification requests and accessing the reporting module.
- Our eQSuite® system is a secure HIPAA compliant browser application which will be accessed over the Internet at <http://fl.eqhs.com>. To access the eQSuite® system, the following minimum hardware and software requirements must be met:

Minimal Computer System Requirements:

Any of the two most recent versions of:

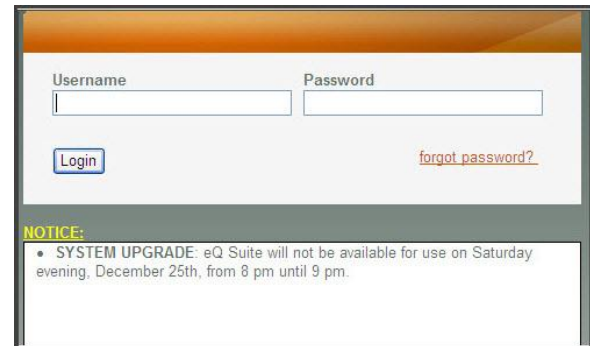

- Internet Explorer
- Google Chrome
- Mozilla Firefox
- Safari
- Broadband internet connection

Accessing the System

eQHealth's Web based entry and inquiry system is accessed from our Web site home page.

Access the Internet with your web browser and go to <http://fl.eqhs.com/>. From here you can follow the link to the eQSuite® login.

The user must login to access the Review Request data entry system. This is an example of the login screen. Enter your User Id and Password here. The password must be entered for confidentiality, security and tracking purposes. Each user is responsible for maintaining the confidentiality of their individual logins and passwords. If you believe the security of your login or password has been compromised, change your password. You may adjust many other personal account settings from the **Update My Profile** menu option.

The screenshot shows a web-based login interface. At the top, there is a header bar with an orange-to-white gradient. Below this, the login form has two input fields: 'Username' and 'Password'. A 'Login' button is positioned below the Username field. To the right of the Password field, there is a link that says 'forgot password?'. Below the login fields, there is a 'NOTICE' section with a yellow background. The notice contains a bullet point: 'SYSTEM UPGRADE: eQ Suite will not be available for use on Saturday evening, December 25th, from 8 pm until 9 pm.'

Your User Administrator must also create all new accounts. The User Administrator has access to many account maintenance options on the **User Administration** menu option.

For security reasons, users can not stay logged on if they are not submitting reviews or running reports. The entry system is directly tied to eQHealth's database, and the system will not maintain an idle connection for more than 20 minutes. The user does not need to exit their Internet browser window or eQHealth Web home page. Simply log back on to the system with the secure password to enter another review request.

The login screen also displays system notices about events that may impact use of the eQSuite®. These messages are displayed in a notice box immediately below the login box. For example, the date and time span for system upgrades, that may make the website temporarily unavailable while the work is being done, are posted in advance.

Menu Options in the System

After successfully logging onto the system, the user will be presented with the screen shown below. There are two locations for the menu items. They are shown across the top of the screen as well as being present on the menu tab to the left. From this initial screen the following menu options are available. Your User Administrator will determine which options are available to you.

Create New Review

- ▶ Select **Create New Review** from the Menu list.
- ▶ The following screen will be displayed, and Provider ID and Provider number will be filled in based on the user login. Proceed with entry.

Review Entry

Review Header Information

Provider #: 000000001 Provider Name: TEST BA PROVIDER

Start

Review Type and Settings

Provider ID: 000000001 Provider Name: TEST BA PROVIDER

Review Type: Admission eQHealth Case #: PA#:

RETRIEVE DATA

- ▶ Select the appropriate type of review:
 - For the first request, you must enter an Assessment or Re Assessment. You must select “Admission” and click Retrieve Data.
 - If you are requesting a continuation of services, the review type must select “Continued Stay” and click Retrieve Data.

- If you are needing to make a modification to a review that was submitted and approved, you must select “Modify Auth” and **Retrieve Data**.

Provider ID and Name

The provider who will render the services.

Start

Review Type and Settings

Provider ID: 000000001

Provider Name: TEST BA PROVIDER

Review Type

A Request Type must be selected first so the system will know how to edit the information. Choose between the following:

Admission: The initial request for a service or item.

Continued Stay: You are requesting a continuation of services, you will need the Case ID or the eQHealth assigned PA#.

Modify Auth: You need to make changes to a review that was submitted and approved.

Note: If you need to make changes to a review that is still at 1st level you will have to cancel your submission and re submit correctly.

RETRIEVE DATA

Recipient ID

Enter the recipient’s number that appears on the Medicaid ID card.

If a recipient has been assigned multiple numbers and the number entered by the provider is not a current number, then the system will check the cross-reference table and supply the new recipient number to be used along with an explanatory message.

The recipient must have Medicaid eligibility on file for the dates of service.

Recipient Name

Effective March 2018

Reviewed: 2019, 2020,2021

Page 6

Based on the recipient number, the system will display the recipient's name. This is a "view only" field – not a user entry field.

DOB

Based on the recipient number, the system will display the recipient's date of birth. This is a "view only" field – not a user entry field.

Sex

Based on the recipient number, the system will display the recipient's gender. This is a "view only" field-not user entry field.

Servicing Provider/Practice

The Florida Medicaid number of the referring provider (Ordering provider). The referring provider must be listed as a provider type 05, 07, 25, 26, 39 or ORP

05	Community Behavioral Health
07	Specialized Mental Health Practitioner
25	Physician (MD)
26	Physician (D.O)
39	Behavior Analysis Group
ORP	Ordering Referring Prescribing

To enter the Medicaid number into the grid, you must select the **Edit** link. If the number is unknown, press **Search** to find a valid Physician or Clinician Number. The Medicaid ID# is a 9-digit number. Make sure to select a physician with a valid ID.

You will get the following screen for search criteria to be entered. You may enter a full name or just an initial of the last name then press enter. The list will show on the screen (e.g. Clark) Click on **Select** on the record for the desired physician the provider number, name and demographic information will be filled based on the physician number. If you have more current information the demographic information can be updated by the user.

Please enter any additional information you feel is needed to complete utilization review here. Note: it is NOT necessary to repeat any information that was already indicated on previous tabs.

Florida Agency for Health Care Administration Disclaimer Statement

eQHealth Solutions certification determination does not guarantee Medicaid payment for services. Eligibility for and payment of Medicaid services are subject to all terms and conditions and limitations of the Medicaid Program.

PROVIDER ATTESTATION STATEMENT

A service provider who knowingly or willfully makes, or causes to be made any false statement or representation of a material fact in any application for Medicaid benefits or Medicaid payments, may be subject to the application of sanctions, which include, but are not limited to, fines, suspension and termination. In addition, the provider may be prosecuted under federal and/or state criminal laws and may be subject to civil monetary penalties and/or fines.

By clicking [Submit for Review] you are attesting to the above.

CANCEL SAVE/CLOSE SUBMIT FOR REVIEW

Once you click submit for review, the system will generate a message that your review was successfully submitted. It will generate a Review ID# and Case ID.

OR

- b. You may create a bar-coded fax coversheet and fax the document.

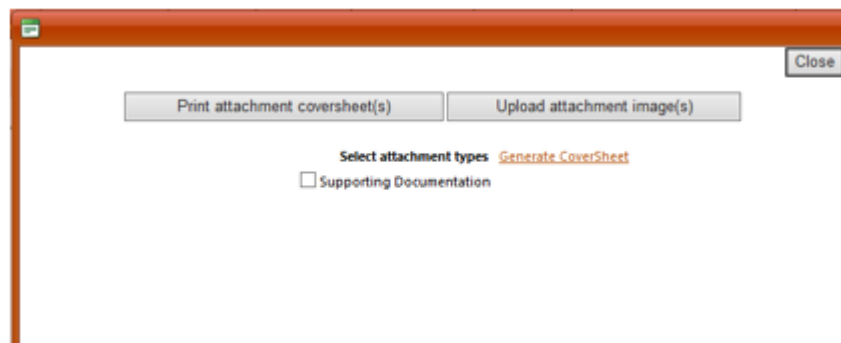

To access either option, click the **Link Attachments** hyperlink at the end of the review request line you are interested.

Providers can also view previously submitted documents on this tab.

Fax option: Click on supporting documentation then Generate Coversheet.

Note: Make sure you do NOT have any pop-up blockers enabled on your computer or the coversheet will not generate.

PA #:

Recipient ID: 456

Recipient Name: JANE DOE

Admit Date: 10/01/2015

Review ID: 11454492

Pages (Including this one) _____

Only use coversheet once.

Please do not modify or duplicate bar code or cover sheet in any way.

ATTACHMENT(S) FOR INITIAL REQUEST FOR REVIEW

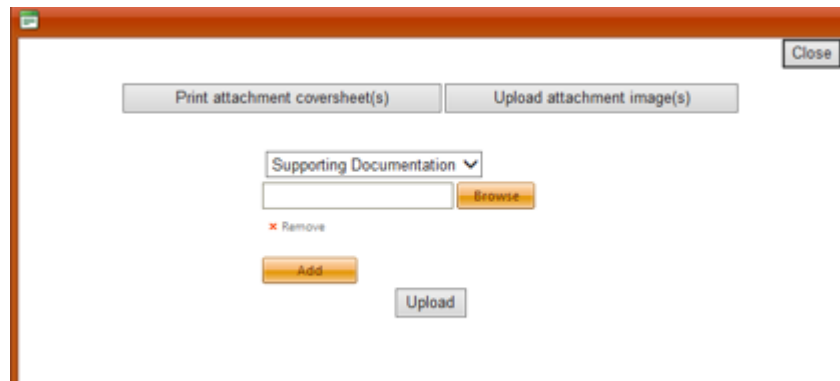

Order for study(s)

Once you have selected all the coversheets you would like, click Generate Coversheet. The system will open a new web browser for each coversheet you selected, and you can save or print by clicking the appropriate option at the top of the browser window.

IMPORTANT NOTE: Do not reuse or modify the fax sheets. Like the barcodes on the cereal you buy at the grocery store, our system needs the correct barcode for each document

Upload option: Click Upload attachment image(s) to directly link a digital image to the review request. You will see a popup box with a list of all current available document options for the review.

Note: Once you have uploaded the image the system will let you know it's been successfully submitted.

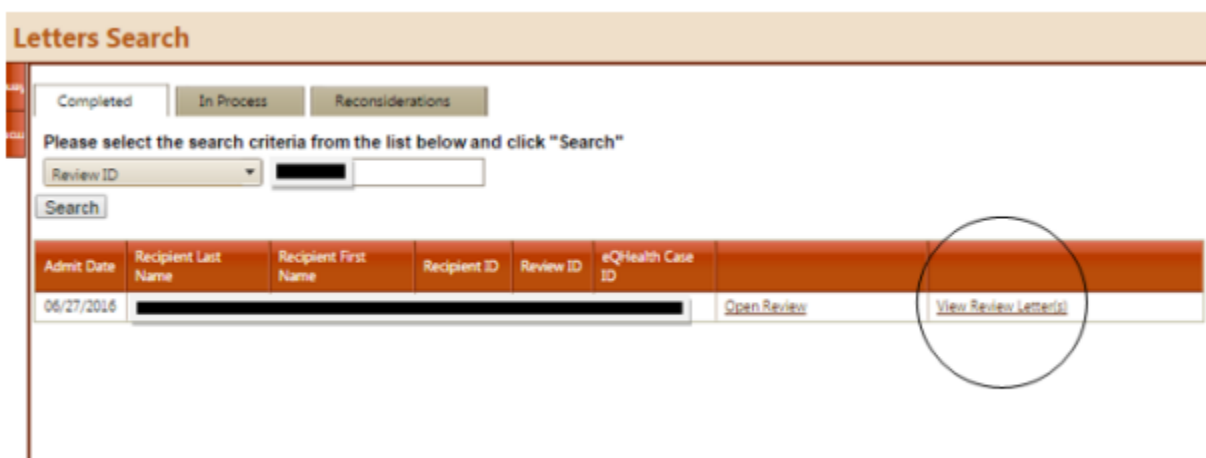

Letters

All written correspondence from eQHealth Solutions will be available via our web system by accessing the **Letters** menu option. Letters are grouped into 3 categories as follows:

- In Process: Letters generated prior to completion of an initial review, including the pending and suspend letters.
- Completed: Initial review determination letters.
- Reconsideration: Reconsideration outcome letters.

Click the tab of your choice and enter the required information.

The resulting list will display all the available letters. You may open the review or view all letters for a review by clicking the **View Letter** option

To view the letter, click **View Letter**. This will result in a list of all letters pertaining to the review.

Select the letter you want to see by clicking **View**. You may print the letter or save it to your computer.

[Update My Profile](#)

Click **Update My Profile** from the menu list.

	Save Changes		

To save the login information, click the **Save Changes**.

NOTE: All required data fields must be entered before the system will save the information.

- The system will perform edit checks on the login information and display an error message above the save changes link.
- Correct edit errors click the **Save Changes**.
- If the system does not detect any errors, the user will be given a message verifying that the user log in information was successfully saved to eQHealth Solutions web login table.

User Name	Unique user identifier. All alpha characters must be in lowercase. Examples: user's first name; user's first initial then last name Login ID must be unique across all users of eQHealth Web based system. If you enter a Login ID and the system responds that this ID is already on file, then you must use a different ID. A common solution to this situation is to append a numeric digit at the end of the last name. For example, user "Jane Doe" would be jdoe1.
Password	Must be between 6 and 10 characters. All alpha characters must be in lowercase. Each user is responsible for keeping this password confidential.
First and Last Name	The user's name. This name will be automatically copied to every review request that is submitted to eQHealth by this user. It is maintained on the review record and is printed on the certification letters.
Phone & Extension	The user's phone number and phone extension. The phone and extension numbers will be automatically copied to every review request that is submitted to eQHealth by this user. It is maintained on the review record.
Inactive Date	If a user is no longer with the facility or is no longer authorized to access the provider's confidential data, then the facility access User Administrator should immediately inactivate their login. Simply key a date into this field and the user login will be inactivated from the entered

	date forward.
Indicate if the user is granted access to view provider letters	The User Administrator determines which users can view provider letters, run reports and/or create review requests. The User Administrator can at any time change the setting of this field thereby opening or closing access to this module. The user cannot change the levels of access stated above, but can change demographic information and email notification options.

To **change** a user's login information, click **Edit** on the record needed.

- An edit screen opens with that user's current information.
- Type in correct information and press **Save Changes** or press **Back to Users List** to return to the list of users.
